St. Bernard Sheriff's Office Investigating Incidents Involving Paintball Guns

The St. Bernard Sheriff's Office Criminal Investigations Bureau has arrested several juveniles in an ongoing investigation involving more than a dozen incidents where paintball guns were used illegally in the parish, Sheriff James Pohlmann said.

Beginning in early March to date, the Sheriff said, deputies have responded to 14 calls for service involving groups of teens using paintball guns to shoot at each other, as well as at citizens, vehicles, residences and traffic signs.

"The use of paintball guns by juveniles has become an

alarming trend," the Sheriff said. "When not used in a controlled environment, these guns can cause serious bodily injury or significant property damage. They can fire with enough pressure to cause death in some cases so they need to be treated as any other handgun, pellet, or BB gun."

Individuals can face various felony charges if caught illegally discharging a paintball gun at an individual or property, including aggravated battery and aggravated criminal damage to property, as well as a misdemeanor charge of criminal mischief.

The St. Bernard Sheriff's Office Criminal Investigations Bureau is conducting an ongoing investigation involving more than a dozen incidents where paintball guns similar to this

THE SCALISE CAPITOL REPORT

Fighting to Protect Abortion Survivors

I filed the discharge petition for the Born-Alive Abortion Survivors Protection Act with Representatives Ann Wagner (R-MO) and Kat Cammack (R-FL). This legislation mandates that any infant born alive after an abortion receives the same standard of care as any newborn baby. This legislation would also institute penalties for abortionists who allow infants to die or who intentionally kill a newborn.

Protecting newborn babies is about basic decency. I'm proud to join my fellow House Republicans in making it clear that abortion survivors ought to have the same rights under the law as any other baby entering the world.

Speaker Pelosi and her far-left caucus will not uphold the most basic right — the right to life — or defend newborn babies from being killed by abortionists. We will not stand by as she blocks this critical legislation from coming to the floor.

Welcoming Congresswoman Julia Letlow to the U.S. House of Representatives

It's with great honor that, on behalf of the entire Louisiana dele-

gation and behalf of all of my colleagues, we welcome Julia Letlow to Congress.

This has been Julia and Luke Letlow's journey for over a year, and we all still grieve for the loss of Luke. But Julia never backed down, never looked back. She moved forward and she said, 'We're going to continue this journey on.'

She's got a great record of service. We are so excited to have her in our delegation. We're especially proud that Julia is the first Republican woman ever elected to Congress from Louisiana. Click here or on the image below to watch the video of my introduction.

Meeting with the Northshore Business Council and Touring Champagne Beverage Co.

I had the pleasure of speaking with the Northshore Business Council in Covington about economic growth in the Northshore area and the need to fully re-open our economy.

I also enjoyed touring the Champagne Beverage Co. facility in Madisonville. Joel Champagne, President of the company, told me about how the Paycheck Protection Program allowed him to maintain business operations and continue to keep his employees on payroll.

It is an honor to represent you in Congress. For more information please visit my website, Twitter, Instagram, and Facebook pages.

God Bless, Steve Scalise, House Republican Whip

Use the subject line "Reevaluation Request for [insert your 10-digit application number]"

In the body of the email, include **identifying information** for the application such as application number, business name, business address, business owner name(s) and phone number

3 Things To Know About The Restaurant Revitalization Fund (RRF)

1. Get the program details.

Get the program details such as eligibility, funding amount, allowable use of funds and more. If you haven't already, sign up for RRF email updates at https://public.govdelivery.com/accounts/USSBA/subscriber/new?topic_id=USSBA_354.

2. How to prepare.

Currently, SBA is not accepting applications for RRF. However, you can prepare your application by reviewing the sample application, program guide and cross-program eligibility chart on SBA COVID-19 relief options. You will be able to apply through SBA-recognized Point of Sale Restaurant Partners or directly via SBA in a forthcoming online application portal. Registration with SAM.gov is not required. DUNS or CAGE identifiers are also not required.

3. When to apply.

The official application launch date will be announced shortly. Ahead of the application launch and over the **next two weeks**, the SBA will establish a **seven-day pilot period** for the RRF application portal and conduct extensive outreach and training on how to apply, application requirements and where to apply. Participants in this pilot will be randomly selected from existing PPP borrowers in priority groups for RRF and will not receive funds until the application portal is open to the public.

Following the pilot, the application portal will be opened to the public. For the **first 21 days that the program is open**, the SBA will prioritize reviewing applications from small businesses owned by **women, veterans, and socially and economically disadvantaged individuals**. Following the 21-day period, all eligible applicants are encouraged to submit applications.

These outstanding educators and community partners will be featured in a two-part special, airing on April 21 and April 22 on Youtube and COX Channel 8. Both programs will air at 6:00 P.M.

Wednesday, April 21 will feature all of the elementary school recipients while Thursday, April 22 retirees, central office, as well as middle and high school honorees will be recognized.

Community members can watch from the comfort of their home as these school people are celebrated for the hope and passion that have made the last two school years possible.

NUNEZ MENTAL HEALTH from Page 1

believe this training will help our faculty and staff assist anyone who comes to us in a time of crisis with kindness, confidence and tools to help get people to the assistance that they need,” said Loria.

Nunez’s training was broken into two eight-hour sessions with 30 employees receiving training in a virtual session on March 30 and another 20 receiving in-person training April 9 on the Nunez campus.

Krissy Kling, an AmeriCorps member and Mental Health First Aid Coordinator for NAMI St. Tammany, participated in both the virtual and on-campus Nunez training sessions. For the on-campus training, she was accompanied by co-instructor Susan Norwood, a retired teacher, LPC and MHFA trainer who also serves as the board president of NAMI New Orleans.

“I was thrilled about the idea of training Nunez Community College in Mental Health First Aid,” said Kling. “As a recent college graduate, I understand the immense amount of pressure and anxiety many college students feel. I know the students will be grateful to know that the faculty, staff and professors at Nunez are trained to understand and respond to their mental health needs.”

During the Mental Health First Aid training, several Nunez instructors shared anecdotes about helping students experiencing mental health crises over the course of their careers. Afterward, they expressed assurance about receiving professional training to apply in future scenarios.

“As someone who battles anxiety himself, I feel obligated to help those who trust and confide in me,” said Nunez sociology instructor Charles Miller. “NAMI successfully supplemented my own knowledge of mental health awareness to better identify students in distress and follow the proper channels to get them the help they need. With this training, I hope the Nunez community will better serve our students by living up to our mission of supporting their success and personal growth.”

Registration for the Summer and Fall 2021 semesters at Nunez is open now at Nunez.edu.

**DEAR FRIENDS,**

We are proud to announce the Meraux Foundation has committed \$250,000 to the Community Center of St. Bernard. In addition to aiding the Center with its ongoing food assistance for families and children in need, the donation also provides the Center with a new home — a beautifully renovated building on St. Claude Avenue.

The new location in Old Arabi makes it more convenient for people to access services, and the new setting enhances the environment and experience. The building also includes additional space for another nonprofit committed to serving St. Bernard.

This new hub for nonprofits serving our community also compliments St. Claude Arts, the two-block arts campus just down the street that the Meraux Foundation created in 2016 as a public interest project to accelerate the growth of the Old Arabi Cultural District.

Since St. Claude Ave. is a major gateway to St. Bernard Parish, our strategic investments are spurring economic growth along the corridor and delivering on my Aunt Arlene’s vision. These projects are having a direct, positive impact on people’s lives, making St. Bernard a great place to live, work and visit.

Sincerely,

Rita Gue | President of the Meraux Foundation

**PAINTBALL** from Page 1

The Sheriff advises parents to think twice about purchasing these items for their children. While paintball guns are technically toys, parents should speak to their teens about using them responsibly and adhering to strict safety guidelines.

“There are several businesses that can accommodate individuals wanting to shoot paintball in a controlled, safe environment,” the Sheriff said. “Shooting paintball guns in residential neighborhoods in a manner that puts our residents at risk is not OK.”

Anyone witnessing individuals irresponsibly shooting paintball guns in St. Bernard Parish is asked to call the Sheriff’s Office at (504) 271-2501, or the Criminal Investigations Bureau tip hotline at (504) 271-TIPS or 8477.
