## Sheriff's Office Investigating Shooting In Chalmette

The St. Bernard Sheriff's Office is investigating a shooting that occurred Saturday shortly before midnight in Chalmette, Sheriff James Pohlmann said.

On Saturday, May 1, at approximately 11:45 p.m., Sheriff Pohlmann said, deputies responded to a call about a shooting at the intersection of Juno Drive and Patricia Street in Chalmette.

When deputies arrived on the scene, they observed a male victim lying on the sidewalk near the corner of Juno and Patricia with a gunshot wound to his right side. Deputies also found another male victim on Patricia Street who had been shot in the left foot.

The two juveniles, ages 15 and 16, told deputies they were walking on Patricia Street toward Juno Drive when the occu-

pants of a dark in color SUV traveling eastbound on Patricia began shooting at them. The vehicle fled eastbound on Patricia Street toward Paris Road.

Both victims were transported to University Medical Center to be treated for their injuries. The 15-year-old who was shot in his side is reported to be in stable condition. No information was available on the 16-year-old who was shot in the foot.

Sheriff Pohlmann said no one else was injured in the incident, and the investigation is ongoing.

Anyone with information about this incident, or any other criminal activity pertaining to St. Bernard Parish or any of its residents, can call the St. Bernard Sheriff's Office at (504) 271-2501 or its Criminal Investigations

Bureau's tip hotline, (504) 271-TIPS or 8477 where callers can leave a detailed message, and either choose to provide their contact information, or remain anonymous.

# THE SCALISE CAPITOL REPORT

## Countering President Biden's Empty Rhetoric and Broken Promises

The American people heard more empty rhetoric and broken promises from President Biden, who, in just three months in office, is pushing our country further to the extreme left and is proposing \$3.4 trillion in job-killing tax increases that will devastate jobs for millions of hardworking American families, all to pay for more wasteful Washington spending. In Joe Biden's America, schools are closed, but the border is open. Crime and taxes are going up, while hope and opportunity are going down. China, Russia, and Iran are on the move, while America is in retreat.

President Biden promised bipartisanship during his campaign, but he has failed to deliver results, and he has refused to even meet with Republican leaders or work in good faith on solutions to our country's problems.

### Congressional Western Caucus' Roundtable in Oklahoma

I traveled to Oklahoma with other Members of Congress to hear firsthand from energy producers and job creators who are working

to strengthen the United States' energy dominance. We toured a coal and natural gas generation facility, as well as a hydroelectric facility, and we met with hardworking men and women who help to power our country.

American energy is currently under assault by President Biden and his liberal allies, who seek to implement their radical 'Green New Deal' and unrealistic Paris Climate Agreement commitments.

American families and workers must remain at the forefront of our minds and the core of our energy strategy. We must guarantee that the policies we propose are rooted in reality and promote our economic well-being, not undermine it.

### My Ringside Politics Interview

I joined Ringside Politics host Jeff Crouere to talk about the ridiculous limit on attendees for President Biden's joint address to Congress, the Biden Administration's disastrous first 100 days and their harmful effects on Louisiana, and the ongoing investigation into Hunter Biden.

It is an honor to represent you in Congress. For more information please visit my website, Twitter, Instagram, and Facebook pages.

God Bless,  
Steve Scalise,  
House Republican Whip

# Ochsner Hospital for Children Opens Multi-Disciplinary Autism Clinic at the Michael R. Boh Center for Child Development

Michael R. Boh Center for Child Development.

Autism spectrum disorder affects one in every 54 children in the United States, making access to healthcare resources critically important for families of children with this neurodevelopmental disorder. With the opening of its new multi-disciplinary Autism Clinic, the Michael R. Boh Center for Child Development at Ochsner Hospital for Children is expanding access in the Gulf South to specialized behavioral and educational programs designed to assess and treat Autism spectrum disorder.

Housed within the Boh Center (located at 1319 Jefferson Highway and adjacent to Ochsner Health Center for Children) the new multi-disciplinary Autism Clinic is designed to assess children ages two through four years old for suspected Autism spectrum disorder. The multi-disciplinary team, which consists of a medical developmental specialist, a psychologist, a speech pathologist and a social worker, works together to complete a comprehensive evaluation and if a diagnosis is made, develops a personalized treatment plan for each patient.

"We've seen firsthand how early intervention and diagnosis of Autism spectrum disorder can improve a child's development. By gathering a team of multi-disciplinary specialists all under one roof, our goal is to streamline the assessment process to help families get the care they need," said Lee Ann Annotti, PhD, a licensed child psychologist and clinic coordinator for the Autism Assessment Clinic at the Boh Center for Child Development at Ochsner Hospital for

Children

Early signs a child may need assessment for suspected Autism spectrum disorder include:

- **Language:** Delayed language skills or use language in ways that are atypical, such as repeating words or phrases.
- **Social Interaction:** Reduced or no eye contact and/or a preference to be alone or appears withdrawn, or appears to not understand social cues and boundaries
- **Play:** Play doesn't use imagination, may involve only using a toy for its function or using a toy in a restricted or repetitive manner
- **Fixations:** May stick to rigid routines or sameness and/or have difficulty with transitions
- **Motor Activities:** May display behaviors that appear odd or purposeless, like flapping hands, pacing in circles, or rocking back and forth

"Taking care of kids and keeping them healthy is what we do best at Ochsner Hospital for Children. We started the Boh Center because we recognized the need to fill a significant gap in healthcare resources for children with special healthcare needs. Now, with the new multi-disciplinary Autism clinic, we are poised to serve more pediatric patients with the most prevalent pediatric developmental disability – here in New Orleans and across the Gulf South," said William Lennarz, MD, System Chair of Pediatrics, Ochsner Hospital for Children.

Modeled after world-class facilities, in-

cluding the Kennedy Krieger Institute in Baltimore, the Boh Center was carefully designed to create a healing, collaborative environment for children and their families. The Boh Center is dedicated to improving the lives of children and adolescents with developmental disorders through comprehensive interdisciplinary team evaluations, integrated treatment protocols, high quality evidence-based patient care, direction of special education services and professional education and research.

In addition to its new multi-disciplinary Autism clinic, the physicians and staff at the Boh Center work collaboratively to treat a variety of conditions including:

- Attention Deficit Hyperactivity Disorder (ADHD)
- Cerebral Palsy
- Developmental Delays
- Feeding Disorders
- Intellectual Disabilities
- Muscular Dystrophy
- Spinal Muscular Atrophy
- Spina Bifida

The Boh Center was made possible thanks to the generosity of community members and organizations, including Robert and Ann Boh who donated in loving memory of their son, Michael. Since opening in Fall 2018, the Boh Center has provided compassionate and comprehensive care by conducting over 8,000 visits for children and adolescents in addition to hosting specialized professional development workshops and webinars for teachers and special education staff across the region.

Ochsner Hospital for Children has offered exceptional pediatric care for more than 75 years. Ochsner offers the only pediatric heart and liver transplant program in the state, serving over 76,000 children every year with more than 140 physicians specializing in more than 30 pediatric specialties and sub-specialties. Ochsner Hospital for Children's flagship facility is in New Orleans, with subspecialty clinics across Louisiana and in Mississippi.

## St. Bernard Sheriff's Office Holds Drug Take-Back Day

Residents properly disposed of 80 pounds of unwanted or expired prescriptions and over-the-counter medications on Saturday, April 24 as the St. Bernard Sheriff's Office participated in the annual National Prescription Drug Take-Back Day, Sheriff James Pohlmann said.

Narcotics officers with the St. Bernard Sheriff's Office accepted the unwanted medications over a four-hour period at the Special Investigations Division substation, 7001 W. Judge Perez Drive in Arabi.

For those who could not make Saturday's event, the Sheriff's Office has a drop box for unwanted medications located at the Paris Road substation at 4700 Paris Road in Chalmette. The drop box is open year-round.

The purpose of the Drug Take Back initiative is to ensure medications don't fall into the hands of youngsters who might misuse them or thieves who

could sell them on our streets, the Sheriff said.

The Drug Take Back initiative, part of a national effort spearheaded by the U.S. Drug

Enforcement Administration, has seen more than 4.8 million pounds of prescription drugs collected nationwide since its inception in 2010.
