SBEDF Announces St. Bernard Parish School Board's Approval of Chalmette Refining ITEP Application

School Board paves way for \$550m investment into Chalmette division of PBF Energy

The St. Bernard Economic Development Foundation (SBEDF) is proud to announce that St. Bernard Parish's School Board has officially approved Chalmette Refining's Industrial Tax Exemption Program (ITEP) application at the local level. The ITEP, a state incentive aimed at attracting investment in manufacturing, provides an 80% property tax abatement for an initial term of five years and the option to renew for five additional years at 80% property tax abatement on a manufacturer's qualifying capital investment re-

lated to the manufacturing process in Louisiana. With Sheriff James Pohlmann and Parish Council approving the exemption earlier this month, this is the first ITEP to receive local approval in St. Bernard Parish.

The proposed \$550 million investment, to be made to PBF Energy's existing Chalmette Refining facility, will serve as a top producer of biofuels and renewable diesel. The project involves retrofitting a refinery unit that has been idled since 2010, constructing a new pre-treatment unit, and making additions to docking, loading, offloading and tankage capabilities. The ITEP serves as a crucial role for attracting investment funds to

the St. Bernard project; there is hope that construction of the improvements to the facility could begin as early as this year, with plans to be fully operational by the end of 2022 or first quarter of 2023.

PBF Energy's Chalmette Refinery Manager Steve Krynski sees the exemption as an immense opportunity for the parish's community: "The Renewable Diesel Unit would put St. Bernard Parish at the forefront of the green energy transition – bringing new full-time jobs to the refinery, new opportunities for local businesses, and new tax revenue to the parish. The

overwhelming excitement for this project from residents and officials from across St. Bernard Parish underscores just how woven Chalmette Refining is into the fabric of our local community – and why this is the ideal location for such an exciting 'green' investment." The project will directly add 20 new, permanent jobs in St. Bernard with an estimated payroll of \$1.4 million, and at least 92 indirect jobs and 600 jobs expected for construction. PBF Energy's Chalmette Refinery, built in 1915, is the largest private business taxpayer and employer in the parish and employs more than 500

THE SCALISE CAPITOL REPORT

Fighting for Vital Coastal Restoration Funding

I was proud to join Representative Troy Carter (D-La.) and Representative Garret Graves (R-La.) in offering and passing an amendment to the House Energy and Water bill highlighting the need for coastal restoration in Southeast Louisiana.

Our coastal wetlands serve as a first line of defense against powerful Gulf storms and protect Louisiana communities, families and businesses, while also providing critical habitat for wildlife and fisheries. Rebuilding our coast is essential to preserving our culture and strengthening our economy.

Support for the Louisiana Coastal Area program ensures that coastal restoration projects that utilize dredged sediment are able to move forward, guaranteeing that this material is used to rebuild our vanishing coast, not just wastefully dumped in the Gulf of Mexico.

Touring the new St. Tammany Cancer Center and Securing Funding for a Mobile Screening Bus

I toured the St. Tammany Parish Hospital and the new St. Tammany Cancer Center. I was impressed by the facilities and state-of-the-art technology capable of providing the treatments and care necessary for cancer patients on the Northshore.

In addition, I announced that I secured \$1 million in the House

Labor, Health and Human Services, Education, and Related Agencies (LHHS) subcommittee bill to purchase and operate a mobile screening bus to provide health screenings and education to residents in St. Tammany and Washington Parishes.

Routine cancer screenings are important in helping to detect cancer at an early stage and can save countless lives. In the fight against cancer, early detection and prevention are vital for leading a long and healthy life. This mobile screening program will provide residents on the Northshore with additional early screening and detection services, leading to better health outcomes in our communities.

Protecting Disabled Veterans' Second Amendment Rights

I joined House Republican Conference Secretary Richard Hudson (R-N.C.), Veterans Affairs Committee Ranking Member Mike Bost (R-Ill.), and military veterans for a press conference to discuss how a new rule on pistol stabilizing braces proposed by the Bureau of Alcohol, Firearms, Tobacco and Explosives (ATF) jeopardizes the ability of disabled combat veterans to exercise their Second Amendment rights. It is perplexing to see how the Biden Administration is trying to take away the Second Amendment rights of our disabled veterans.

It is an honor to represent you in Congress. For more information please visit my website, Twitter, Instagram, and Facebook pages.

God Bless,
Steve Scalise, House Republican Whip

Louisiana Lottery Launches Daily Numbers Game Pick 5

The Louisiana Lottery is adding a third game to its family of daily numbers games that currently includes Pick 3 and Pick 4. With a top prize of \$50,000, Pick 5 launched today with both favorite and brand-new play types.

“Our daily numbers game sales have shown solid, continual growth over the last several years with fiscal year sales up more than 21% over last year,” noted Lottery President Rose Hudson. “We believe our daily numbers game players are ready for something new and more options to play their favorite number!”

As with Pick 3 and Pick 4, Pick 5 will be drawn daily except on Christmas Day and Easter Sunday. As the name suggests, a five-digit number is drawn. Players must match at least two of the digits in exact or any order to win a prize, depending upon the play type selected and the amount of the wager (50 cents or \$1).

Also, like Pick 3 and Pick 4, Pick 5 can be played Straight (all digits must match in exact order to win), Box (all digits must match in any order to win) or Straight/Box (combines a 50-cent straight play and a 50-cent box play). The top prize for a \$1 Straight play is \$50,000 or \$25,000 for a 50-cent Straight play with odds of 1 in 100,000.

In addition to these tried-and-true play types, the Lottery will introduce six new ways to play and win with Pick 5. Players will be able to match just the first or last two, three or four digits in the five-digit winning sequence to win. These new play types are called Front Pair, Back Pair, Front Three, Back Three, Front Four and Back Four. Prizes for these play types range from \$50 to \$5,000 for a \$1 wager; odds range from 1 in 100 to 1 in 10,000 respectively.

A complete list of prizes and odds for each play type and wager amount is available on the Pick 5 prize chart on the Lottery's website, louisianalottery.com/pick-5.

The Lottery reminds ticket purchasers to always play responsibly, encouraging anyone who has a gambling problem, or friends and family of anyone with a gambling problem, to call toll-free 1-877-770-7867 for help. Ticket purchasers must be at least 21 years of age. For security purposes, the Lottery strongly encourages players to sign the back of their tickets immediately after purchasing.

tion. COVID-19 has not stopped the efforts of business owners and philanthropists from reshaping the lives of citizens in southern Louisiana. We can all take note of those who give to those that have not. Family values are often seen as synonymous with southern hospitality when growing up in southern Louisiana. A childhood filled with admirable role models has given a solid foundation to build a solid career. This solid career gives back to people who need the community to stand up for them. It seems inevitable that colleagues who succeed together, give back together. Craig, and his associates in business, have remained consistent in their efforts to

give back. Staying consistent in giving, Mr. Accardo has ensured donations make their way from him to St. Jude Children's Hospital every year; for the past 20 years. This is just one of the many ways business owners are raising up the community amongst this unfortunate era of pandemic. Many business owners see the value in helping children experience fun activities when they need to be uplifted. A highlighted organization, supported by Craig and his associates, is the Wish to Fish Louisiana. This nonprofit was organized with a goal to get kids off the streets, out of the house, away from the TV, and into the great outdoors. During these times it seems only ap-

propriate to lift kids' spirits when they are going through a tough time. The look on a child's face as they catch their first fish, says enough to fill an entire feature article. It is in these moments that we see how much we can impact each other. Creating moments of memories that can never be forgotten. Philanthropists like Craig, and his associates, are ensuring events like these continue every year. Just as the holidays have passed, so too has the Happy Santas event that Craig Accardo, and many others were a part of. This yearly event is put on by the Louisiana Hospitality Foundation. The Happy Santas program was created to provide holiday cheer, and support,

to underprivileged children. In these times more than ever, we can truly see the difference these philanthropists are making; one child at a time. The most important gift that Mr. Accardo contributes, is the time and capital that he gives to causes he believes in. He has recently returned from being the exclusive sponsor of the Five Star Veteran Lunch that was hosted at Arnaud's. This all lays that solid foundation for his family to carry on a philanthropic legacy. "Whether it's with time or money, we step up in any way we can, to help benefit," explains Mr. Accardo. Some people still understand the value of lifting up southern Louisiana during these hard times.

2021 High School Graduates Eligible For \$500 Scholarships At Nunez

Nunez Community College in Chalmette is welcoming incoming freshmen to the Fall 2021 semester with a \$500 scholarship.

The 'Take Flight' and 'We Give A Hoot About You' Scholarships each offer \$500 to students who graduated from high school in 2021. 'Take Flight' is available to any 2021 high school graduate currently residing in Louisiana while 'Give A Hoot' is specifical-

ly for 2021 graduates of Chalmette High School.

Eligibility and application information for the 'Give A Hoot' Scholarship can be found online at Nunez.edu/chs2021 and 'Take Flight' can be found at Nunez.edu/takeflight.

Dr. Cherie Kay Larocca, Nunez Vice Chancellor for Education Training and Success, said the scholarships, which debuted in 2020, are a great incentive for

2021 high school graduates.

"Students entering college for the first time in the fall are already dealing with enough stress. These scholarships are a way for us to make their transition to higher education a little easier," said Dr. LaRocca.

Nunez Teaching Grades 1-5 major Katie Mahler said that the 'Give a Hoot' Scholarship was a major help when she began at Nunez in 2020.

"My freshman year at Nunez was a wonderful experience with caring teachers and a positive environment," said Mahler.

Nunez has a full slate of on-campus classes available along with online and hybrid options that were developed over the past year. Enrollment is open until the first day of classes: August 16.

Students can register online at Nunez.edu. Students who re-

quire assistance are welcome to call 504-278-6467, email admissions@nunez.edu, or use the Live Chat feature at Nunez.edu.
