Sheriff's Office Reserve Division Deputies Conducting Extra Patrols For Holiday Season

The hustle and bustle of the busy holiday season can leave us distracted, making us easy targets for criminals, St. Bernard Sheriff James Pohlmann said.

In an effort to keep St. Bernard Parish residents safe this Christmas, members of the St. Bernard Sheriff's Office Reserve Division will be conducting extra patrols during the holiday season around local shopping centers.

"Our Reserve Division plays an important role in supplementing our police force in specific situations, including working during large scale events such as festivals, parades and athletic events throughout the parish," Sheriff Pohlmann said. "They also assist us with extra patrols

during the busy holiday shopping season."

Lt. Eric Eilers, commander of the Reserve Division, said there are currently about two dozen Reserve Division deputies who are unpaid, volunteer officers.

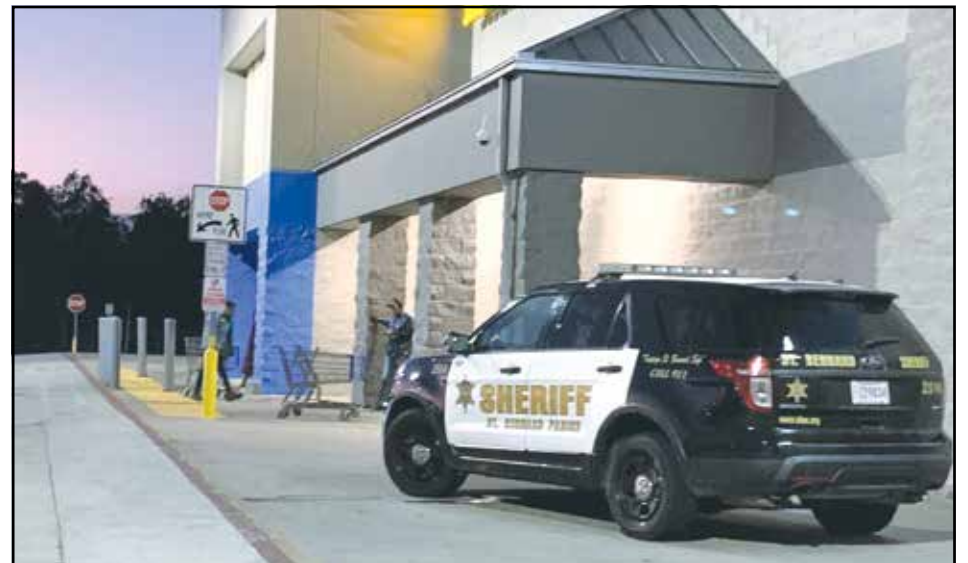

The department always welcomes new applicants, but they must have completed Peace Officers Standards and Training to qualify.

In addition to being P.O.S.T. certified, Lt. Eilers said, a person must meet the following criteria to be a Reserve deputy:

- Live in St. Bernard Parish.
- Be at least 21 years old.
- Have earned a high school diploma or GED.
- Have a clean police record; background checks will be conducted.

To request more information, or to obtain an application for the reserve division, contact

Lt. Eilers at (504) 278-7628 or Dep. Aaron Johnson at (504) 278-7659.

In an effort to keep St. Bernard Parish residents safe this holiday season, members of the St. Bernard Sheriff's Office Reserve Division will conduct extra patrols around local shopping centers. If you are interested in joining the Reserves, call (504) 278-7628 for more information

SBEDF Announces St. Bernard Parish Certification As Louisiana Development Ready Community

Louisiana Economic Development has recognized St. Bernard as the state's newest Louisiana Development Ready Community. The parish becomes the 48th participant in the community development program, now in its 13th year.

The Louisiana Development Ready Communities program

helps participants prepare and become more competitive for new investment and jobs. The program guides selected communities through the creation and implementation of a strategic plan. By following its plan for multiple years, participants leverage their assets and address their particular challenges

to become more competitive in attracting growth to their communities.

"Community leaders and public officials in St. Bernard have participated in our program and gained knowledge and insights to better position this commu-

nity for new business attraction and existing business retention," LED Secretary Don Pierson said. "For communities across our state, the Louisiana Development Ready Communities program is making a difference. This program is key to building

Disaster Recovery Centers To Be Closed On Sundays

Beginning Nov. 21, all FEMA disaster recovery centers in Louisiana will be closed Sundays.

At disaster recovery centers, residents affected by Hurricane Ida can get help with FEMA applications, upload documents and have their questions about federal disaster assistance answered.

All DRCs follow COVID-19 precautions. Masks are required for all visitors, employees and volunteers.

Most centers will remain open Monday through Saturday. For hours, locations and other details, check the FEMA app (under Disaster Resources, select Talk to FEMA in Person) or visit www.FEMA.gov/DRC for

a complete list of DRCs currently open in Louisiana.

For the latest information visit fema.gov/disaster/4611. Follow the FEMA Region 6 Twitter account at twitter.com/FEMARegion6 or on Facebook at facebook.com/FEMARegion6/.

What's Holding up Your Disaster Assistance? Call the FEMA Helpline and Find Out

If you applied with FEMA and have questions about your recovery process, immediate help is available.

Simply call FEMA's Disaster Helpline at 800-621-3362 (TTY 800-462-7585) to find out the status of your application, what additional assistance may be available or to have other questions answered. Multilingual operators are available to take your call. The lines are open daily from 6 a.m. to 10 p.m.

If you haven't heard back from FEMA since applying, a number of common problems may have delayed the application process. For example, thousands of applications from Louisiana survivors have been held up because of missing documents. Provide the needed paperwork, and the application can begin to move forward. Just call the Helpline to find out how.

Reasons to call the Helpline:

- To get help with setting up an online account at DisasterAssistance.gov
- To get help with uploading documents. A Helpline operator can walk you through the process: Go to DisasterAssistance.gov and login to your online account.

Upload the document through the Upload Center tab at the top of the page after selecting the Type of and the document type you are submitting (appeal, verification document, etc.). Select "Upload Now" to submit the documentation or for multiple documents, select "Add Another File."

- You received a letter from FEMA, but no decision was given. Read the letter carefully; if you don't understand what FEMA wants you to do, call the Helpline to find out why no decision has been made. Often you will need to provide more documentation. Call the Helpline to find out how to handle FEMA's requests for more information.
- You received a letter and were denied assistance but don't know why. Call the Helpline to find out why you were denied assistance and for help with appealing FEMA's decision.
- FEMA may already have called you. FEMA staff review all applications and call survivors to verify information. These calls may come from an unlisted number. By not answering calls from an unlisted number, applicants may miss an opportunity for FEMA to assist them. When you answer an unlisted number and the caller says they are from FEMA, request a FEMA identification number from the caller. If you are unsure of the caller's identification, or you are suspicious of someone claiming to be from FEMA, call the FEMA Helpline at 800-621-3362 (TTY 800-462-7585). The same applies if you have been waiting for a home inspection call. The inspector may call from an unlisted number, and you may miss the call.
- Your circumstances have changed, and you need to update your application. For a change of address, a new phone num-

ber, updated banking information or other changes, call the Helpline.

- To update your insurance information. If you have received your insurance settlement and haven't told FEMA yet, or it doesn't cover your needs, call the Helpline to update your application.
- If you want more information about the recovery process, how to rebuild to make your home stronger or other recovery resources, call the Helpline. The operators can share information about additional support available from FEMA and its partners.

For the latest information visit fema.gov/disaster/4611. Follow the FEMA Region 6 Twitter account at twitter.com/FEMARegion6 or on Facebook at facebook.com/FEMARegion6/.

NASA Flight Director Visits Chalmette High School

Chalmette High School had a very special guest on campus recently — a flight director for NASA. Lieutenant Colonel Paul Konyha, USAF retired, visited cadets in the school's JROTC program, and made a special presentation to students in the Cultural Arts Center sharing some of the history, accomplishments, and vision for the space program.

Using an array of video clips, renderings, and spectacular images, Konyha offered insight into NASA's Artemis Missions which includes a return to the moon in preparation for its ultimate goal — a human mission to Mars.

The presentation also focused on the research, preparation, and teamwork inherent in any operation of such importance. Konyha said as a flight director his job centers on problem solving and decision making with two goals in mind — protecting the crew and the spacecraft while accomplishing the mission.

Konyha's visit was coordinated by his dear friend Lt. Col. David Farley, who leads the JROTC program at CHS. The two served together at the Vandenberg Air Force Base California during their initial space operations training in 1996.

Konyha said his team name is Excelsior, the Latin word meaning "higher and higher," "ever upward."

Chalmette High Principal Wayne Warner said he appreciated the visit. "Lieutenant Colonel Konyha's presentation was impressive and eye opening," he said. "I think our students got a lot out of it and left feeling inspired."

DEVELOPMENT READY from Page 1

new business investments and securing quality jobs. On behalf of LED, I extend my congratulations to all St. Bernard leaders who have participated in this rigorous program, and who are now better prepared to foster economic growth in their community.”

Members of the St. Bernard Economic Development Foundation, St. Bernard Parish government and other key parish stakeholders were all part of the team that helped the parish secure the LDRC designation. Through the distribution of community surveys, town hall meetings and multiple committee meetings, the team identified strengths and opportunities for additional growth, all directed at positioning the parish for enhanced economic momentum.

“St. Bernard Parish receiving this designation as a Louisiana Development Ready Community through LED’s Community Competitiveness Initiative has an impact that goes far beyond the certification,” St. Bernard Parish President Guy McInnis said. “Sixteen years post-Katrina, St. Bernard has not only come back, but is thriving as the fastest-growing parish in the state, with the second-highest GDP growth. This recognition and announcement are the official signal to businesses and individuals alike that our parish is primed for investment and opportunity.”

“More than anything, we are happy that this strategic plan is for the people of St. Bernard, by the people of St. Bernard,” said Executive Director Meaghan McCormack of the St. Bernard Economic Development Foundation. “We see this plan as something community members and government officials alike can rally around and execute, bringing a brighter future to the parish.”

For more information about the LDRC program, visit the LED website or contact LED Director of Community Competitiveness Stacey Neal at stacey.neal@la.gov or 225.342.4703.

Valero Meraux Refinery Presents \$250,000 To Local Children's Charities

Valero's Meraux Refinery distributed \$250,000 among eight local charities from funds raised through the 2021 Valero Texas Open (VTO) and Valero Benefit for Children (BFC).

This year, the tournament and associated events, including the BFC, raised more than \$16 million in net proceeds for charitable organizations across the U.S., including those in the South Texas area. The tournament is ranked #1 in charitable giving thus far on the PGA TOUR this year.

"Valero is honored to be part of the tournament's legacy of giving back through the generous support of our business partners and sponsors," said Joe Gorder, Valero Chairman, and CEO. "With our long-standing relationship through the BFC, the tournament has helped raise more than \$187 million for charities, positively impacting many lives in the communities where we operate across the United States."

"At Valero, we are driven to make a positive difference for our community," said Leslie Sullivan, Vice President and General Manager of the Valero Meraux Refinery. "The recipient organizations were selected because of their tireless

efforts to continue to provide necessary services for children in St. Bernard Parish and the surrounding area. These charities have faced many challenges in the aftermath of the catastrophic Hurricane Ida. They continued to provide essential services in our community and in many cases had to increase the number of children they serve."

The 2021 Valero Benefit for Children local recipients are:

- CASA New Orleans
- Community Center of St. Bernard
- Family Violence Program of St. Bernard
- League of Angels (St. Bernard)
- Ronald McDonald House Charities
- Santa on the Bayou (St. Bernard)
- St. Bernard School Board Special Olympics
- St. Bernard Autism Krewe

The VTO will celebrate its 100th anniversary from March 28- April 4, 2022.

CASA stands for Court Appointed Special Advocate and CASA New Orleans services Orleans and St. Bernard parishes. Volunteers are appointed by judges to advocate for children that are in foster care to the courts. There is a need for volunteers as currently in St. Bernard there are children in foster care that do not have advocates working with them to help find long term solutions for problems they face.
